SPINNING UNIT

 100% Export-oriented spinning mill

We have a state-of-the-art Blow Room wherein the cotton is meticulously cleaned and the microdust removed.

Contemporary machines are available for Carding, Combing and Drawing. The high-end Cone Winding machinery and Auto coner enable us to manufacture superior quality cotton yarn from counts Ne 30's to Ne 100's as well as organic cotton yarn

from counts Ne 20's to Ne 50's. We have installed a high capacity Yarn Conditioning Machine to compete with international standards. With our well-coordinated infrastructural set-up, we are expertise in the production of various specialty yarns. Targetting a spindleage capacity of 20000 spindles, we propose to further augment our infrastructure and ensure sustained growth in production.
